

# 1-Day Guided Trout Fishing Trip with Natl. Committeeman Corey Steinmetz

Available fishing dates run from July 6<sup>th</sup> through September 15<sup>th</sup>, 2024

**\$1000 Value**

Join National Committeeman Corey Steinmetz for a day of fishing in Southeast Wyoming, providing memories for years to come. Featured species in this fishery include Rainbow, Brown and Brook Trout, and occasionally Cutthroat trout. You can choose to fish with fly-rod, spinning rod or worms and grasshoppers, but no dynamite! We will fish from about 8 am until 4 pm.

Guide will provide fishing gear, snacks and lunch. You are welcome to bring any gear you desire to use as well. Be prepared to bring sunglasses, water, sunblock, waders (if desired), change of clothes for after the hike out (shorts, socks and shoes, shirt) as you will sweat, and it might even rain on us a little. I do suggest bringing a backpack for your belongings.

Please review the following important details about this venture:

There will be about a 45-minute hike into the water, with some modest hill climbing. We will be getting in the water; you can wear waders or wet wade at your discretion. There is no cell service on the water, but phone cameras work well. August and September are generally the best months to fish here.

Maintaining all the key features we need for a long-range rifle system to perform to Gunwerks standards, the Werkman Rifle is absolutely the best bang for your buck that Gunwerks has ever offered.**

## **THE HEART OF THE SYSTEM**

The heart of the Werkman rifle system is the Gunwerks Barreled Action. We start with the premium Gunwerks stainless steel GLR action and pair it with a precision built Gunwerks cut rifled, stainless steel barrel. The barrel includes a directional brake and is threaded 5/8x24 to be suppressor ready. Metal components are Cerakoted for a durable, weather-resistant finish.

## **GEN 1 MAGNUS STOCK**

If you bought a Magnus rifle system from Gunwerks 5+ years ago, this is what you got. Though the aesthetics of the Magnus rifle stock have been updated in the Gen 2 Magnus, the Gen 1 stock is still a masterpiece of stock design and geometry. It's a true workhorse of a long range stock! Carbon fiber composite construction, aluminum bedding block, CNC inletting, Gunwerks hinged floor plate bottom metal, and the addition of our ARCA Plate escutcheon round out the package.
